II-III FASE: mesi 6-12

LAVORI DI COMPLETAMENTO

La progettazione della fase di completamento sarà effettuata sulla base dei risultati dell'analisi sociale del territorio. La configurazione minima data alla piazza si apre a diversi scenari. I risultati della ricerca, svolta attraverso il coinvolgimento di tutte le realtà locali, forniranno al progettista le informazioni necessarie per definire lo sviluppo dell'area.

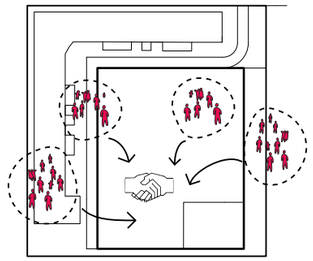
COMUNICAZIONE

EVENTO /CONDIVISIONE DEL LAVORO SVOLTO /
PRESENTAZIONE DELL'IDEA PROGETTUALE /
DIFFUSIONE E NARRAZIONE DEL PROGETTO

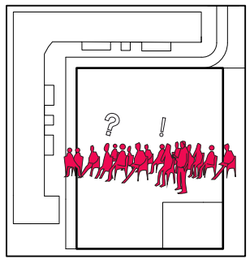
RICERCA PSICOSOCIALE

CONDIVISIONE RISULTATI CON
GRUPPO DI LAVORO, AMMINISTRAZIONI, ATTORI CHIAVE

COMUNITÀ

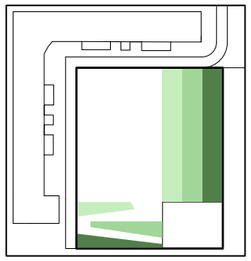


coinvolgimento attori - network

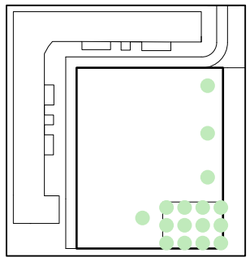


da spettatore a partecipante

AMBIENTE

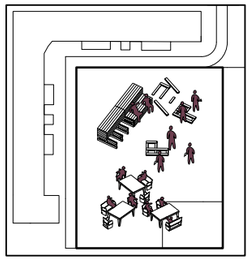


morfologia artificiale

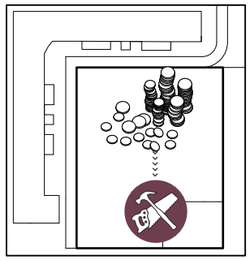


verde - alberatura

ATTIVITÀ

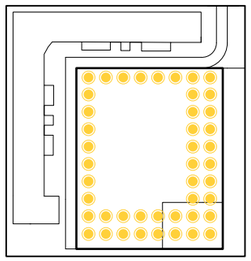


workshop

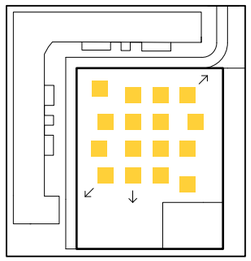


fundraising e follw up

INFRASTRUTTURE

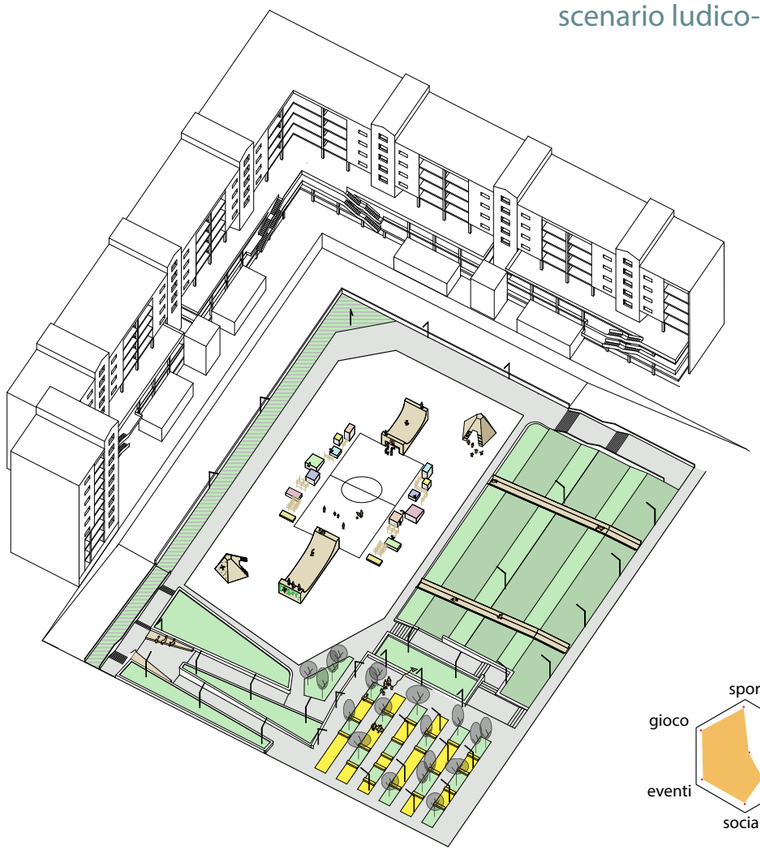


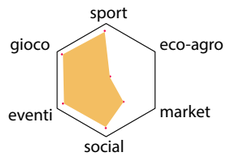
sistema di illuminazione



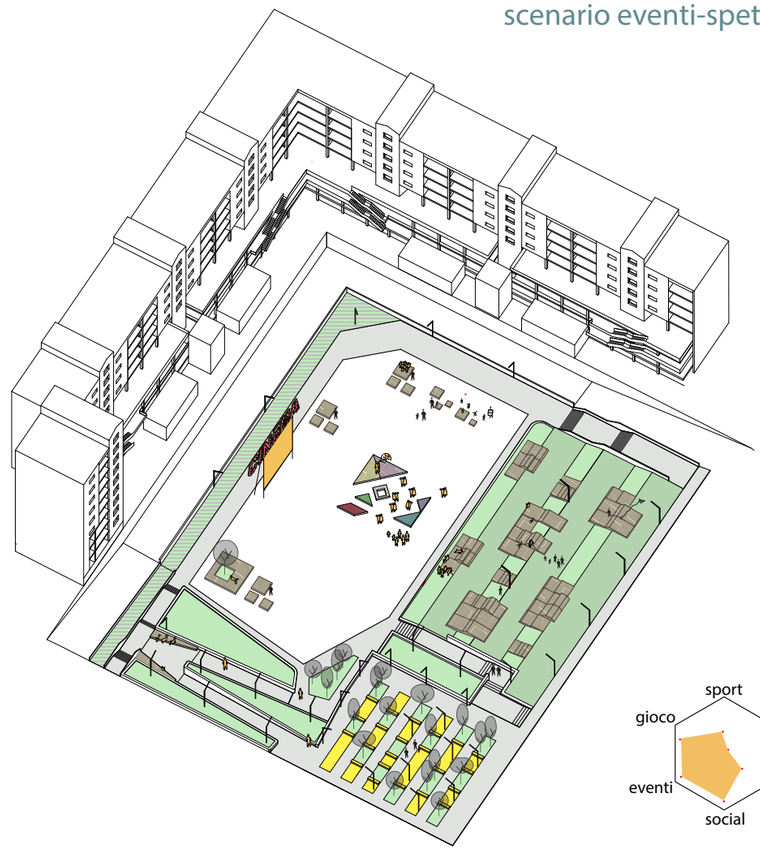
dispositivi mobili

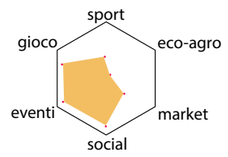
scenario ludico-sportivo



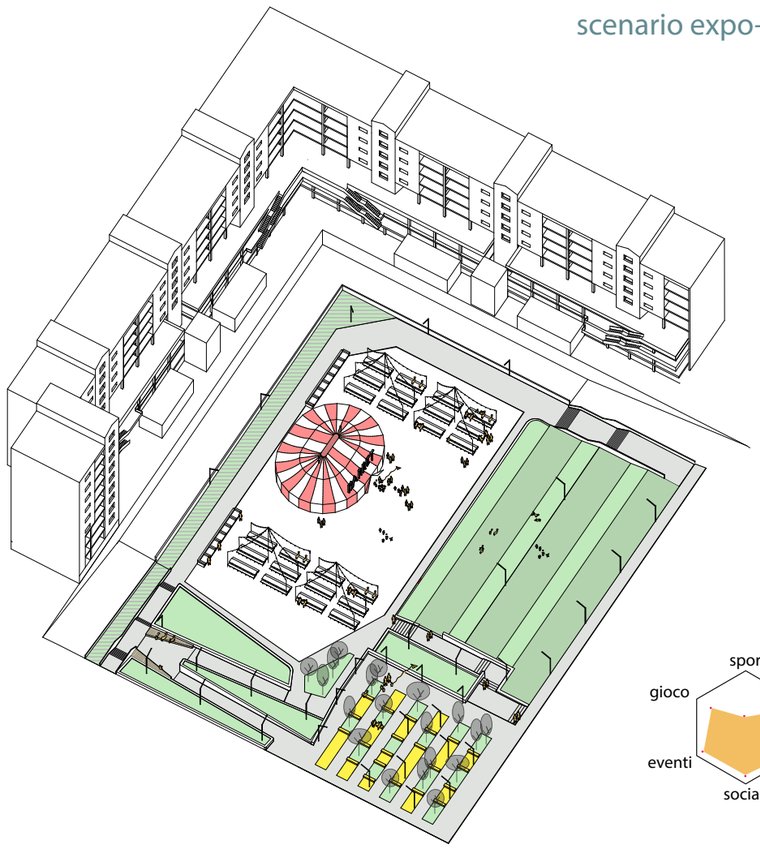


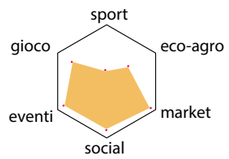
scenario eventi-spettacolo

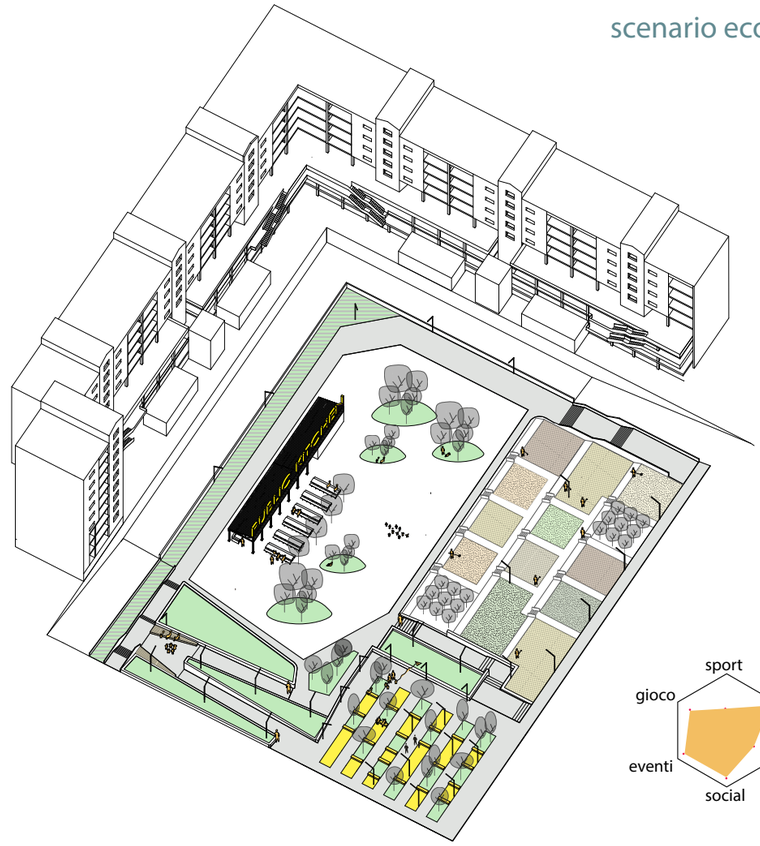


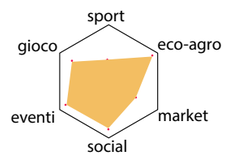


scenario expo-mercato









scenario eco-agro
